Organized By: St. Joseph's College  
(Autonomous), Devagiri

**PRINCIPAL**  
St. Joseph's College (Autonomous)  
Devagiri, Calicut-673 008

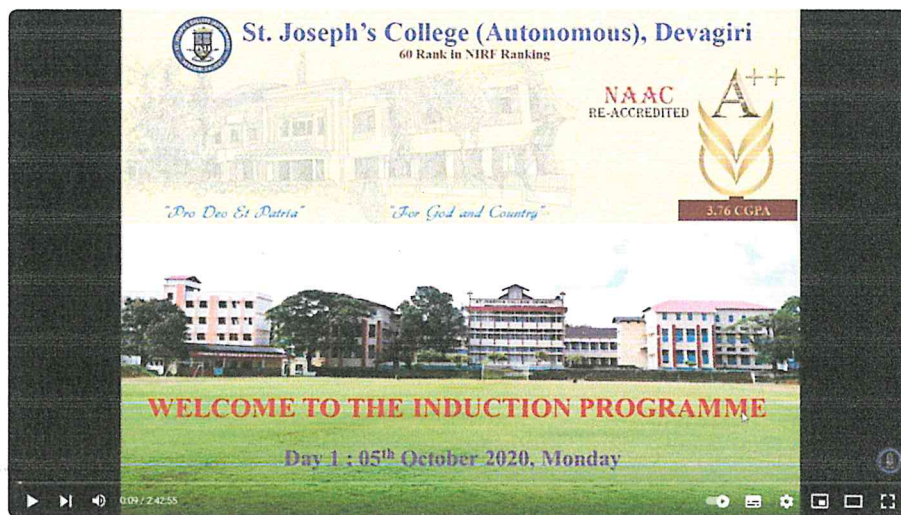

## REPORT

In light of the COVID-19 pandemic, St. Joseph's College (Autonomous), Devagiri, adapted its traditional Undergraduate Induction Programme for the incoming first-year students. Held from October 05, 2020 to October 08, 2020, the program seamlessly transitioned to a virtual platform, utilizing Google Meet and YouTube Live to welcome and orient the new student body. The program commenced with a formal welcome address by Ms. Swetha Premkumar, Assistant Professor, Department of Language & Literature, delivered via Google Meet. This was followed by inspiring inaugural addresses from Dr. Sabu K Thomas, Principal of the college, and Rev. Fr. Biju Joseph, the College Manager, which were streamed live on YouTube for wider student participation.

Following the inaugural addresses, Vice Principal Rev. Fr. Anto N J extended their felicitations to the students via Google Meet. The program concluded with a formal vote of thanks delivered by Dr. Wilson Rockey, Associate Professor, Department of English, expressing gratitude to all participants and organizers for their contributions to the program's success.

Recognizing the importance of ethical conduct in academic and professional life, the program incorporated dedicated sessions on professional ethics orientation. These sessions were likely conducted through Google Meet, allowing for interactive discussions and Q&A sessions. The focus remained on core principles like integrity, accountability, respect, and social responsibility, equipping students with a strong foundation for ethical decision-making throughout their virtual and future in-person academic careers.

By adapting to a virtual platform, St. Joseph's College (Autonomous), Devagiri, ensured the continuation of its vital Undergraduate Induction Programme during the COVID-19 pandemic. The program's emphasis on professional ethics orientation instilled a strong foundation for ethical conduct, preparing students for success in their virtual and future in-person academic pursuits and future careers. This innovative approach to student induction ensured a smooth transition and paved the way for a enriching academic experience at the college.
